12. Subject(s) of/ and specific Achievements in Past Research: summarize this information within 500 English words, touching on the following:

- (1) Please specify the background, aims, characteristics, and originality of your research and achievements. Here, you should indicate the role of your main published papers. If papers are cited from #14: **List of Major Publications**, please show clearly by number which paper you are quoting from or referring to. Above all, indicate clearly which part(s) the applicant is individually responsible for in every instance of collaborative research and published writing.
- (2) Please emphasize the *originality* of your own research in contrast to previous research and older papers published by other researchers.
- (3) Feel free to use tables or diagrams, and so forth, in order to add focus and clarity.
- (4) The applicant may list the Dissertation (*or* Ph.D. Thesis) as a principal “published” paper even though still at work upon it. In this case, please cite the document in question as “(Ph.D. Dissertation)” and date of intended submission. Any applicant who received monies from the Research Assistant Budget of the G-COE should describe clearly what was achieved during his/ her RA-employment period.
- (5) Take into account the contents of the International Graduate Program on Earthquake Engineering curriculum, when citing current areas of strength or hoped-for fields of research.
- (6) Quantify your English ability with test scores: (TOEFL, TOEIC, *or* equivalent).
